Note Well

- **The reason for the early start:** All Educational Institutions in South Africa have to comply with the Soccer World Cup arrangements and have to plan their schedules for 2010 accordingly. This necessitates an earlier start to the year. Those congregations which use the time up to and including the 1st week of February for religious activities are requested to bear with us in this regard.
- Some events e.g. those involving the Cluster are necessarily tentative and will only be finalised once all four partners have their schedules ready. The dates appearing on this time table are approximates based on last year's schedule.
- This calendar is issued early so as to enable staff members to make suitable plans to be present and available to students as per the normal requirements of the Institute. Availability is particularly applicable to the important times near the end of semesters and around the examinations.
- Examinations may be conducted **only within the stipulated examination periods**. Any deviation from this norm will require the express permission of the Dean.
